

June 17th 2024

Dear Todd,

Congratulations on the expansion of Madison Green to potentially include a lodge. We find that courses who offer on-site accommodations see a major increase in rounds and revenue through our platform. GolfNow is the world's largest tee time distribution platform and dynamic marketplace where thousands of course operators are increasing their rounds and revenue. We have a database of over a million golfers.

Please keep me informed regarding the possible progression of this project.

Sincerely,

Kelly Nazari

Market Sales Manager
